For **study mobility**, up to three universities for winter semester, summer semester or academic year can be specified.

Apply for the selected type of mobility

In one academic year up to 3 **traineeships** can be completed, so if you plan more than one mobility, apply for the appropriate number of traineeships!

If you choose *OUT winter semester* or *OUT summer semester*, it is possible to leave for only one semester, even if the agreement with the host university allows a mobility for two semesters.

A mobility for the entire academic year is possible only after selecting *OUT full year*, provided that the agreement with the host university allows for two-semester-mobilities.

Please note that both entitlements must be valid at the time of the faculty qualification in order to receive additional support for fewer opportunities.

If you don't receive a social grant / don't have a recognised degree of disability at the time of qualification, but in the year of mobility you will already have it – report it to the IRD before signing the scholarship agreement.
